

**EEX price list – changes to the prices for frontend and interface access**

Dear Trading Participant,

EEX has updated the pricing for frontend and interface access to the trading system. The changes will come into effect from 1 June 2024. Please find below the table with the respective changes:

Frontend	Charged per	Connection Type	Previous Fee (€/month)	Updated Fee (€/month)
<b>EEX TT Screen</b>	User	Internet	150	175
<b>Trayport Joule Screen</b>	User	Internet	150	175
<b>Shift Trader</b>	User	Internet	62.50	72.50

Participants are free to use frontends other than those mentioned in this table to access the EEX trading systems (including the EEX OTF). All Independent Software Vendors (ISVs) recognized by EEX can be found [here](#). Fees for the use of these frontends are charged directly by these ISVs. Further information can be found in the new price list here: [EEX Price List](#).

Please do not hesitate to contact us if you should have questions.

Yours sincerely,
